HIGH HANDED AND ILLEGAL,

If the Republican Central Committee of this county will consult the law, they will discover that they had no more right to put Dr. Winnie off the ticket than they had to depose Bottsford or McCabe.

Mr Winnie was nominated by the people and the same power that placed him in nomination, created the convention and the delegates.

The Central Committee is the creature of the convention and the whole organization takes its life from the action of the voters at the primaries.

The voters said they wanted Dr. Winnie and the action of the Central Committee in arrogating to itself the power to neutralize a nomination is condemned by everybody.

The platform which they wanted Winnie to endorse was made after the election.

It simply shows that the Republican primaries in this county are simply a farce, intended to blind the voters. If the ring programme carries, it's all right, but if the ring programme is defeated, the Comm. tee takes on itself the right to thwart the expressed wish of a majority of the voters.

Nothing ever done by the ring in Ormsby has been so open, highhanded and shameless in its contempt, not only for the voters, but the law of the land.

The people will settle accounts with this crowd in November.

The following is copied in the Reno Gazette and is taken from the Carson News:

It is stated that the majority of the Ormsby county Democrats met with the Third Party Sunday evening and agreed not to put up a county ticket.

There is absolutely no truth in the above. The parties alluded to met and decided not only to put up a county ticket, but to elect it. Of course this is not intended to be considered into any insinuation that the News is untruthful.

The editor is trying to run a truthful paper, but she labors under For particulars regarding entrance the disadvantage of being compelled to draw on the imagination of Coffin and Thaxter for her facts. This leads the News into many situations which make the public scratch its head in wonderment.

We make this explanation that the discredit of the daily bunches of misstatements in the News may fall Carpenter Joiner and Johber. where it belongs.

The goldbug secretary of state in Nevada declined to recognize the Republican nominees in the recent State convention, and has recognized the bolters' ticket nominated by 45 bolters. The regulars were nomin-nted by several hundred Republicans in a convention having 87 majority over the bolters and the Woodburn faction combined, but because the Republican State convention declined to indorse Harrison and the demonetization of silver secretary of State would disfranchise the entire Republican party of Nevada. The silver Republicans are obliged to file their nominations by petition .-Denver News.

Grey expects a nomination tro years from now for his recent bowing of the knees to the old powers. The cleaning up he will get then will show him who "the people" are.
